EVERGREENS
F.O.B. MANCHESTER, CONN.

You may choose from acres of well-grown reasonably priced evergreens at our South Windsor and Ellington farms. They are grown in soil especially well adapted to produce the fine fibrous root systems so essential to digging with a good firm ball. The majority of our lots have been treated so that they can be certified for shipment out of the Japanese Bettle quarantine area.

“Burr’s Tailored Evergreens”

NOW READY FOR SALE. For the past 9 years we have been expanding our evergreen blocks to the point that we now have over 1 million plants in all stages of cultivation. We invite your inspection.

Prices on trailer load lots available upon request.
